

APURBA BISWAS

Kolkata, India

OBJECTIVE

Frontend Web Developer with 2+ years of experience building responsive, user-centric websites using HTML, CSS, JavaScript, and React. Actively expanding backend skills with Node.js and MongoDB.

EDUCATION

Bachelor of Arts, West Bengal State University

2021 – 2024

SKILLS

- Frontend: HTML, CSS, JavaScript, React, Tailwind CSS
- Backend: Node.js, Express.js, MongoDB, REST API
- Tools: Git, GitHub, Postman, VS Code
- Soft Skills: Communication, Problem Solving, Teamwork

EXPERIENCE

Freelance Web Developer

Aug 2023 – Present

Worked with various clients on diverse frontend projects while learning backend development. Delivered responsive and modern web solutions tailored to business needs.

- Built responsive websites for gym, travel, real estate, coffee, and pizza businesses using HTML, CSS, JavaScript, and React.
- Integrated REST APIs and improved UI/UX using Tailwind CSS and modern design principles.
- Collaborated with clients remotely to gather requirements, deliver demos, and deploy final products.
- Implemented form handling, animations, and performance optimization across multiple projects.
- Managed version control and deployment using GitHub, Netlify, and Vercel.

PROJECTS

Doctor's Appointment Booking Website

MERN Stack

Developed a full-stack web app where patients can book appointments with doctors, view schedules, and receive confirmation. Includes admin and doctor dashboards, authentication, and MongoDB integration.

Gym Website

HTML, CSS, JavaScript

Created a responsive website for a fitness center with trainer profiles, membership plans, and a contact form.

Travel Website

HTML, CSS, JavaScript

Designed a user-friendly travel site showcasing popular destinations, tour packages, and booking features.

Real Estate Website

React, Tailwind CSS

Built a modern real estate platform to list, filter, and view property details with image galleries and contact options.

Coffee Shop Website

HTML, CSS

Developed a stylish landing page with a featured menu, store locations, and customer testimonials.

Pizza Ordering Website

HTML, CSS, JavaScript

Created an interactive online pizza ordering site with custom topping selection and animated cart system.
